Education

Herbert Wertheim College of Engineering, University of Florida

Gainesville, Florida August 2019 – Dec 2020(Expected)

Master of Science in Computer Science

1149456 2015 200 20(2

Study Abroad, University of Florida

Gainesville, Florida January 2019 – May 2019

Amity School of Engineering and Technology (ASET), Amity University

Noida, Uttar Pradesh

Bachelor of Technology in Computer Science

Computer Science Senior Certificate Student

7.44/10

3.28/4

3.4/4

July 2015 – December 2018

Skills

Programming Languages: Java, Python, JavaScript, Elixir, C, C++

Cloud Technologies: AWS (EC2, S3, IAM, Databases, Route 53, VPC), Dialogflow, Google Cloud Platform **Software and IDEs**: Android Studio, Eclipse, PyCharm, Oracle SQL Developer, Atom, git, Docker, Jenkins

Others: MySQL, HTML, CSS, LATEX, Bootstrap

Selected Projects

Covid-19 April 2020 – May 2020

▶ Built an Android Application to track the **updated confirmed**, **deaths**, **and recovered cases** of coronavirus.

▶ **Voice Assistance** enabled application using **Dialogflow** to query latest cases.

Face Recognition Attendance System

March 2020 - April 2020

- ▶ Implemented **realtime Attendance System** using OpenCV with Interactive GUI.
- ▶ **Recognizes and marks** the attendance in CSV format with over **96% accuracy rate**.

Twitter Engine November 2019 – December 2019

- ▶ Implemented the **Twitter Engine** using **Phoenix Framework** in Elixir.
- ▷ Connected the **Web Sockets** for direct tweet, message passing, and live Tweet sent to online users.

Gossip Simulator September 2019 – October 2019

- ▶ Implemented 3Dtorus, honeycomb and random honeycomb network topologies.
- ▶ Largest Network tested 100000, 50000 and 150000 in 3Dtorus, honeycomb and rand honeycomb respectively.

B-Plus Tree March 2019 – April 2019

▶ Implemented an **in-memory** B-Plus Tree using Arrays and Linked List in C++.

Night-Rider Web Application

February 2019 - May 2019

- ▶ Filtered, normalized, and Managed the Database of **7.5 million** tuples in Database management systems.
- ▷ Created **20 complex queries** to generate statistics of **Las Vegas crime**, **Buses**, **and Hotels** on the website.

Experience

Software Developer Trainee @ Aptron Solution

May 2018 - July 2018

- ▷ Developed a web application using DevOps Methodology.
- ▶ Deployed the web application on the Docker container using CentOS 7.
- ▶ Tested Docker image using maven and monitor the new GitHub updates using Jenkins server.

Extra-Curricular Activities

- ▶ Volunteered with an NGO as an English and Math teacher to teach underprivileged children. January 2018 May 2018
- finished as one of the top cadets in a week long Military Training Camp organized by the Amity University in association with the Indian Army.
